CONTENTS

Volume 31. No. 1—January

REVIEW ARTICLE
Trimethoprim resistance; epidemiology and molecular aspects 1
Amyes, S. G. B. and Towner, K. J.

Rapid diagnosis of bacterial meningitis by the detection of a fatty acid marker in CSF with gas chromatography-mass spectrometry and selected ion monitoring 21
French, G. L., Chan, C. Y., Poon, D., Cheung, S. W. and Cheng, A. F. B.

The role of leucocytes in the induction of fluid secretion by *Salmonella typhimurium* 27
Wallis, T. S., Vaughan, A. T. M., Clarke, G. J., Qi G.-M., Worton, K. J., Candy, D. C. A., Osborne, M. P. and Stephen, J.

The effect of antibiotics that inhibit cell-wall, protein, and DNA synthesis on the growth and morphology of *Legionella pneumophila* 37
Rodgers, F. G., Tzianabos, A. O. and Elliott, T. S. J.

A method for typing strains of *Legionella pneumophila* serogroup 1 by analysis of restriction fragment length polymorphisms 45
Saunders, N. A., Harrison, T. G., Haththotuwa, Aruni, Kachwalla, Nafisa and Taylor, A. G.

Typing of methicillin-resistant *Staphylococcus aureus* by antibiotic resistance phenotypes 57
Gillespie, M. T., Lyon, B. R. and Skurray, R. A.

DNA breakdown by the 4-quinolones and its significance 65
Lewin, C. S. and Smith, J. T.

Announcements 71

Books Received 72

Volume 31. No. 2—February

REVIEW ARTICLE
Bacterial endotoxin and current concepts in the diagnosis and treatment of endotaxaemia 73
Bayston, Katherine F. and Cohen, J.

A comparison of specificity and biological activity of polyclonal and monoclonal antibodies raised against *Salmonella minnesota* R595 lipopolysaccharide 85
Mehta, N. D., Wilson, B. M., Rapson, N. T. and Easmon, C. S. F.

Protective immunity induced in mice by detoxified salmonella lipopolysaccharide 95
Ding, H. F., Nakoneczna, Irene and Hsu, H. S.

Pathogenic potential of *Eubacterium yurii* subspecies 103
Margaret, Barbara S., Heath, J. R. and Krywolap, G. N.

Survival of *Pseudomonas pseudomallei* in human phagocytes 109
Pruksachartvuthi, Surapee, Aswapokee, Nalinee and Thankerngpol, Kleophant

Chromosomal aberrations in germ cells of male mice immunised with attenuated viral vaccines (human) 115
Rao, L. V. and Polasa, H.

Ecology of *Pseudomonas aeruginosa* in patients with cystic fibrosis 119
Horrevorts, A. M., Borst, J., Puyk, R. J. T., De Ridder, R., Dzoljic-Danilovic, G., Degener, J. E., Kerrebijn, K. F. and Michel, M. F.

Characterisation of methicillin-resistant *Staphylococcus aureus* by biotyping, immunoblotting and restriction enzyme fragmentation patterns 125
Coia, J. E., Thomson-Carter, Fiona, Baird, D. and Platt, D. J.

A rapid technique for detection of resistance to chloramphenicol in *Streptococcus pneumoniae* and comparison with minimum inhibitory concentration and disk-diffusion methods 133
Walker, C. W. and Brown, D. F. J.

A pyrolysis–mass spectrometry study of *Corynebacterium* spp. 137
Hindmarch, J. M., Magee, J. T., Hadfield, M. A. and Duerden, B. I.

Announcements 151

Books Received 152

Volume 31. No. 3—March

REVIEW ARTICLE
Potential mechanism of resistance to the modern fluorinated 4-quinolones 153
Lewin, C. S., Allen, Ruth A. and Amyes, S. G. B.

Porphyrin ring source can alter the outer membrane protein profile of non-typable *Haemophilus influenzae* 163
MacIver, I., O'Reilly, T. and Brown, M. R. W.

Hydrolytic enzyme production by *Clostridium difficile* and its relationship to toxin production and virulence in the hamster model 169
Seddon, S. V., Hemingway, I. and Borriello, S. P.

Virulence factors of bacteraemic *Escherichia coli* with particular reference to production of cytotoxic necrotising factor (CNF) by P-fimbriated strains 175
Blanco, J., Alonso, M. P., Gonzalez, E. A., Blanco, M. and Garabal, J. I.

Differences in susceptibility of inbred and outbred infant mice to enterotoxigenic *Escherichia coli* of bovine, porcine and human origin 185
Duchet-Suchaux, Marion, Le Maitre, Carole and Bertin, Anne

Comparison of host responses induced by *Salmonella typhimurium* infection in genetically resistant and susceptible mice 191
Takahashi, M., Ushijima, T. and Seto, A.

Serotyping and subtyping of *Neisseria meningitidis* isolates by co-agglutination, dot-blotting and ELISA 195
Wedege, E., Høiby, E. A., Rosenqvist, E. and Frøholm, L. O.

Long-term viability of stored mycoplasmas and ureaplasmas 203
Furr, Patricia M. and Taylor-Robinson, D.

A new class of conjugative plasmid in *Staphylococcus aureus* 207
Udo, E. E. and Grubb, W. B.

Identification and cloning of the Type IIIa plasmid-encoded dihydrofolate reductase gene from trimethoprim-resistant gram-negative bacteria isolated in Britain 213
Thomson, C. J., Towner, K. J., Young, H.-K. and Amyes, S. G. B.

The production and characterisation of rabbit antiserum and murine monoclonal antibodies to *Haemophilus ducreyi* 219
Finn, Geeta Y., Najma Karim, Q. and Easmon, C. S. F.

Volume 31. No. 4—April

Mice vaccinated with a non-virulent, aromatic-dependent mutant of *Salmonella choleraesuis* die from challenge with its virulent parent but survive challenge with *Salmonella typhimurium* 225
Nnalue, N. A.

Examination of strains belonging to enteropathogenic *Escherichia coli* serogroups for genes encoding EPEC adherence factor and Vero cytotoxins 235
Smith, H. R., Scotland, S. M., Stokes, N. and Rowe, B.

Plasmid and chromosomal related toxin polymorphism of *Escherichia coli* serogroup O138; plasmid transfer and co-integration with pRP4 241
Woodward, M. J., Wray, C., Ridha, G. A. and Walton, J. R.

Enzyme immunoassay (ELISA) for detection of *Clostridium difficile* toxin B in specimens of faeces 251
Nguyen, V. K., Rihn, B., Heckel, C., Bisseret, F., Girardot, R. and Monteil, H.

Surface-associated properties of *Streptococcus milleri* group strains and their potential relation to pathogenesis 259
Willcox, M. D. P. and Knox, K. W.

The incidence of anaerobes in the sputum of patients with cystic fibrosis 271
Jewes, Linda A. and Spencer, R. C.

A longitudinal study of the cultivable subgingival anaerobic bacteria isolated from sheep during the development of broken mouth periodontitis 275
McCourtie, J., Poxton, I. R., Brown, R., Whittaker, C. R., Spence, J. A. and Aitchison, G. U.
